MEMORANDUM FOR THE RECORD:

25X1A9a SUBJECT: Meeting with [REDACTED], Chief, Clandestine Services
Personnel Staff/OPSER

1. With the imminent departure of [REDACTED] (end of August) the contact which I have had in the past for acquiring information covering personnel trends in the Clandestine Services will be gone. Therefore, I met with [REDACTED] to pick up loose ends and prepare him for providing essential DDP personnel facts and figures which will undoubtedly be required in the future.

2. [REDACTED] was informed that the DDP would be appointing a DDP/BPC in the near future and that most of the DDP work on the building planning program would be conducted with and through that officer. [REDACTED] added that he, nevertheless, was perfectly willing to provide any assistance which might be required in our planning efforts as such assistance might be needed.

3. We discussed the present OPRED (overseas personnel reduction) and the effect it might have upon the size and makeup of the Headquarters Clandestine Services. [REDACTED] is of the opinion that there will be an excess of DDP officers at Headquarters for some time to come as a result of OPRED and that this might prove to be a boon to the building planning program particularly in DDP but also in other offices of the Agency, in that personnel would be available and might be put to work on some of our planning requirements, thus speeding up our efforts. I told him that I would be bringing this point up in my first discussion with the Building Planning Coordinators in the latter part of September.

4. I gave [REDACTED] a brief summary of the current BPS activities and projected plans, and asked him to forward to me any thoughts or suggestions which he or members of his Staff might care to make. He was made aware of my earlier contact with [REDACTED] concerning [REDACTED] study in 1966 of the possibilities for building a special purpose facility at the Langley Headquarters site.
